

THE CORPORATE CHALLENGE 2019

Fundraising Ideas

- 1. Take On A Challenge** - could you handle a Tough Mudder or maybe a 10k or Half Marathon? Challenges are a great way of raising lots of money through sponsorship and Gift Aid. Just Giving makes collecting sponsor money super easy.
- 2. Host a Static Cycle** - Get your team a static gym bike and challenge yourself to go the distance! Between you all, you could ride the distance of John o'Groats to Lands End or Rochdale to Calais. Remember the all important sponsorship!
- 3. Hold a Staff BBQ** - Everyone loves a good old-fashioned BBQ. This is a great way to bring staff together for a common cause. You can either charge a fee for your BBQ or simply set up a donation table with a jar for change.
- 4. Car Wash** - a car wash is an incredibly simple fundraiser to organise. All you need are the suds, water, some sponges, and signs for advertising.
- 5. Host a Pie/Sponge Throwing Contest** - A pie throwing contest can be a great mid-afternoon fundraising event that's sure to draw a huge crowd, lots of laughs, and some extra fundraising pounds!
- 6. Wheelbarrow Challenge** - A wheelbarrow challenge is the perfect low-cost fundraiser. The only cost is a wheelbarrow. Place your wheelbarrow in a prominent and well-trafficked area of your work space and encourage staff members to place their loose change in the wheelbarrow. See how long it takes to fill the wheelbarrow.
- 7. 5-a-side Football Tournament** - It's a fun day for all involved, pulls together a large community of people, and can raise great money. You'll have to get a trophy or medals for the winning team and arrange a venue for your tournament.
- 8. Theme It Friday** - Dress up or down every Friday of the month and create a theme in return for a small donation. Examples could include pyjamas, sports teams or onesies.
